## From the desk of Randy... Benefits of Fiber-to-the-home

Here at Comm1, as we continue growing into new neighborhoods with our fiber to the home project, I feel it is a good time to refresh the benefits of fiber to the home. Comm1 is proud to bring you the next generation of communication technology. To provide exceptional service to our customers is all part of our commitment to our communities.

**Faster Internet Speeds** – Fiber delivers the fastest internet speeds available, making working and playing easier than ever.

**The best Digital Experience** – Fiber Optic cables can transfer much more data than copper wire. Television on a fiber connection means flawless picture, more crystal clear (HD) channels and whole home DVR systems.

**Reliability** – Keeping you connected at all times is a top priority. Comm1 has fiber optic cables buried to ensure they will endure harsh environmental factors such as sunlight, storms, snow and 80 MPH winds. Our fiber is strong!

**Cutting Edge** – Fiber will allow for the development and deployment of new broadband applications. Fiber is prepared to handle new phone, television and internet applications.

**Customer Service** – We know our customers and understand their frustrations with nationwide carriers, that is why we are committed to providing the best customer service we can - our customers are also our neighbors!

If you have any questions surrounding the fiber to the home project, Please give the office a call at 641-762-3772, we would love to visit with you.

### Wired for Success

If you are building a new house or addition, give us a call. A key part of any new construction or remodeling project is ensuring that the structured wiring will meet your needs for future voice, data, video and local area networking.

Whether you are a builder or an owner planning your dream house, give Comm1 a call to discuss preparing your home for the future.

**ALWAYS CALL  
BEFORE YOU DIG**

## **New amendments to Iowa's "One Call Law" to take effect on July 1**

During the 2014 Iowa Legislative Session held at the Iowa Capital, a Study Bill was introduced, House Study Bill 518 (HSB518), by Iowa One Call in an effort to improve system efficiency and effectiveness.

That study bill went on to pass a House Commerce Subcommittee and the House Commerce Committee; at which point HSB518 was changed to House File 2408 (HF2408) and sent forward, where it passed both a Senate Commerce Subcommittee and the Senate Commerce Committee. On March 26, 2014, House File 2408 was signed into law by Governor Terry Branstad and will become effective as of July 1, 2014.

[www.hancockcountyfair.com](http://www.hancockcountyfair.com)

**August 9**

Hobo Days - Britt

**September 1**

Kanawha Annual Celebration

*Fire up the grill!*

### **Foil Pack Vegetables**

- 1 zucchini cut into chunks
- 1 cup mushrooms
- 1 red and 1 yellow pepper cut into chunks
- 1 cup cherry tomatoes
- 1/4 c. Italian dressing
- 2 Tbsp. grated parmesan cheese

Heat grill to medium. Combine vegetables and dressing. Spoon mixture onto center of large sheet of heavy duty foil. Fold up sides and crimp to make packet.

Grill 8-10 minutes.

Sprinkle with cheese...enjoy!
